Bright aromas of lemon zest, lime juice and white flowers. The palate is zippy with lemon sherbet, fantastically vibrant acid and mouth-watering length.

GROWING SEASON:

The 2018 growing season was marked by a wet spring, resulting in extended flowering in some areas throughout the valley. The early summer was cool and mild allowing gradual ripening and acid development. Winemakers had to wait, watch and let berry chemistry and flavors come into balance before starting a relatively late harvest.
